"SQUEEZER" PLAYING CARDS,
Best quality, of the strongest material, and being highly finished on both sides, they slip readily when handled.

An important feature is that by reference to the "INDICATORS" in the corners all chance of making a mistake in the hand is avoided, as such "Indicators" show the Suit and Size. This allows of the hand being compressed into a very small space, and hence the name "SQUEEZERS." The "Indicators" are in addition to the ordinary pips made to run both ways.

BILLIARD TABLES.

THE undoubted and established superiority of C. L. & Co.'s Billiard Tables is amply proved by the constant and increasing demand for them, showing that they are really the only tables now appreciated in India. This success is due to the steadfast efforts C. L. & Co. have always exerted to supply their constituents with really trustworthy and reliable articles at as moderate a price as is compatible with good workmanship and material. The generous and liberal support extended to C. L. & Co. for upwards of half a century, is sufficient proof that their endeavours to render satisfaction have been appreciated by a critical and discerning public.

While the superiority of C. L. & Co.'s Billiard Tables has been universally admitted in India, yet the difficulties and risks of transport have hitherto prevented their friends in Bombay from largely availing themselves of the undoubted advantages offered by C. L. & Co.

Now, however, C. L. & Co. beg to intimate to their patrons in the Western Presidency, that they have made arrangements which will enable them to offer their Billiard Tables at the same prices in Bombay as in Calcutta. A Branch Agency, under the management of Messrs. SOUNDY & Co., has been established at No. 22, Bampart Row, where Billiard Tables of C. Lazarus & Co.'s manufacture are arranged for sale; and while thanking their constituents for the patronage hitherto extended to their Firm, C. L. & Co. venture to express a hope that, with the increased facilities now offered, their manufactures will be as well known in Bombay as they are already in other parts of India.

BILLIARD CUSHIONS.

C. Lazarus & Co. always keep on hand a large stock of their new and improved COMBINATION EXPRESS Billiard Cushions which can be fitted to any table, the exact length and breadth of the slate-bed being the only information required.

Old Billiard Cushions, if the woodwork is in good condition, can be renewed on the new COMBINATION EXPRESS principle, thereby making an old table as good as new.

IMPORTANT NOTICE.

C. Lazarus & Co. guarantee the SAFE ARRIVAL of their Billiard Tables at any Station in India. Should any breakage occur in transit, C. L. & Co. agree to make good the loss without further charge.

BILLIARD LAMPS.

The six-light telescopic lamp, on the duplex principle, to burn kerosine oil, as adapted by C. L. & Co., is the best Billiard lamp ever introduced.

C. L. & Co. have always on hand a large assortment of Billiard, Pool and Pyramid Balls, in Ivory or "Patent Celluloid," Billiard Cloth, of the finest quality only, Cues, Tips, Chalks, Cement and every requisite for the Billiard Room.

OF
LONDON AND INVERNESS.

THE following is Professor Gardner's opinion of the 11-year old quality :—

"Laboratory Royal Polytechnic Institution,
"To Richd. Mathews & Co. "March 8th, 1878.

"This is to certify that I have carefully analysed a sample of the 'Carlton Whisky.' I find it to be a very old and pure Spirit, perfectly free from Fusil Oil, or any other deleterious substance.

"In my opinion this Whisky is of a very high character.

"Berner's College, London. "Professor of Chemistry,"
"Edward V. Gardner, F.A.S., M.S.A.,

The following is the opinion of the Carlton Club as to both qualities, *i.e.*, the 11-year old and the 5-year old Whisky.

Extract of Letter from the Secretary.

"Messrs. R. Mathews & Company.

"Gentlemen,—In reply to your inquiry as to whether the Whisky you are supplying to this Club is approved by the Members, the best answer I can give is that the consumption of this Spirit has greatly increased since it has been supplied by your Firm. There can be no doubt whatever about the Whisky being most excellent.

"It is old and soft, and I may safely say that it is much approved by the Members."

With such commendation we recommend very confidently "The Carlton" to the Indian Public, through the well-known House whom we have arranged to solely represent us in India, viz., CUTLER, PALMER & Co.

COMMERCIAL INTELLIGENCE.

FRIDAY EVENING, Nov. 22ND, 1878.

The most noteworthy item of intelligence in the Home telegrams of yesterday is the reduction of the Bank of England rate of discount from 6 to 5 per cent.

Reuter's telegrams of yesterday's date continue to quote Consols at 95⅞ and French Rentes at 112½. Enfaced Rupee Paper is unchanged at Rs. 75½ for Fours and Rs. 80½ for Four-and-a-half per cents. Exchange on India at 60 days' sight is still quoted at 1s. 7 5-16d.

Cotton in Liverpool is described as quiet with the day's sales amounting to 8,000 bales, of which 1,500 bales were Surats, which are said to be in good demand. For Mid-Orleans, however, on the other hand the quotation is reduced 1-16d. per lb. As is usual at this season of the year the available supply of low Americans is very small, and the attention of Spinners is naturally turned to Surats; this may possibly lead to some slight improvement for a time, but we cannot believe that it will be of more than a temporary nature; as when the arrivals of New American Cotton come in more freely, the supplies of all descriptions will be more than ample to meet all the present requirements of the trade. The Market for Piece Goods in Manchester is still reported to be dull.

The Receipts at the U. S. Ports to date show the following comparisons:—

	1878.	1877.	1876.
Thursday's Receipts.....	32,000	23,000	26,000
Six days' do.'	144,000	161,000	176,000
Total since 1st Sept.....	1,505,000	1,292,000	1,607,000

The Bank of England return for the week ending on Wednesday shows an increase in the Reserve of £800,000 and in Bullion of £500,000, while Bills Discounted are less by £500,000. The proportion of the Reserve to Liabilities has now advanced from 38 7-16 to 40 15-16 per cent., and the Market rate of discount on 6 months' Bank Bills is quoted at 4½ per cent. against 4½ per cent. last week. As previously stated the Bank rate has also been reduced from 6 to 5 per cent., and we imagine that we may now consider the temporary panic and tightness in the Money Market occasioned by the failure of the City of Glasgow Bank at an end.

Bar Silver in London is still quoted at 50½d. per oz.

In the London General Produce Markets there are no changes of any importance; the Linseed Market is firm, and Rapeseed dull. Coffee and Cocoanut Oil are unchanged.

Sterling Exchange to-day has not moved much, yesterday's quotations being maintained with very little doing. There is less disposition to buy forward at the rates previously named, and there seems to be a disposition on the part of the Banks to pause at the present level, until the effect of the Afghan Campaign in the Money Market makes itself felt. On the other hand, the weakening influences are still at work. No export business of any material importance can take place this year, and the bulk of the large sales of Bank Paper to Government have presumably still to be covered. Our to-day's quotations are:—

Bank Bills, on demand	1s. 7¾d.	per Rs.
Do. 6 months' sight ...	1s. 7 15-16d.	,,
Credits, 3 ,, ,, ...	1s. 7 13-16d.	,,
Documents, 3 ,, ,, ...	1s. 7¾d.	,,
France 3 ,, ,, ...	2-10.	,,

On Calcutta the rate for demand bills has advanced to Rs. 100¼ to Rs. 100 3-16; the rate for 60 days' sight Drafts is still Rs. 99⅛.

Government Paper is sick, and our quotations are quite nominal, viz.:—Rs. 94½ for Old Fours and Four-and-a-half, and Rs. 100 for the New Four-and-a-half per cent. Loan.

The Share Market remains very quiet, and prices do not fluctuate to any material extent. Bank of Bombays may be quoted ½ per cent. lower to-day, but other Banks are unaltered, which is also the case with Land Companies. In Press Shares the only change is an advance of Rs. 10 in Berars. Spinning and Weaving Companies are generally easier. A decline of Rs. 5 is quoted in Colabas, Rs. 5 in Dhuorumsey, Rs 5 in Fleming, Rs. 5 in Great Eastern, Rs. 30 in Hyderabad, Rs.10 in Mandvie, Rs. 10 in Manockjee Petits, Rs. 10 in Moorarjees, and Rs.5 in Orientals. Miscellaneous shares are unchanged.

Cotton is virtually unchanged, as buyers, with the exception of the local mills, are still quite out of the market, and sellers, with very small stocks on hand are not pressing supplies upon the market. The prices asked for new descriptions are the same as those quoted yesterday, but we have not heard of any transactions, the feeling here still being very general that present rates cannot be maintained.

Linseed, with more buyers in the market, is slightly firmer for ready lots at Rs. 6-8 to Rs. 6-9 per cwt. Of New Seed for March delivery there are still sellers at Rs. 6-1 per cwt.

Rapeseed is unchanged at Rs. 7-4 per cwt. for Guzerat and Rs. 6, for Brown and Rs. 7 per cwt. for Yellow Cawnpore.

Freights are, if anything, rather easier. Engagements have been made for Liverpool to-day at 6s. 3d. per ton for Seed for ready shipment. For the Continent rates are reported for Mediterranean Ports 20s. to 25s. per ton, Freights paid here at par. By sail there is still no enquiry.

Coals to arrive are steady but unchanged, and on the bunder dull.

SATURDAY, NOVEMBER 23, 1878.

The telegrams we publish this morning show that fighting has begun in earnest, and, as might have been expected, in the Khyber Pass. The theory put forward by a contemporary who has got an amusingly egotistical correspondent—destined apparently by his feats on horseback to outdo Colonel Gay—with General Roberts's force, that the chief work of the campaign will be done by the Kurram valley column, is evidently absurd. General Roberts has not at the outside 5,000 men with him, of whom not one-seventh are Europeans; and, though everything will be easy enough for him, and our contemporary's special will have a pleasant excursion, while he remains in the valley, which is inhabited by Shia tribes who detest the Suni Duranis of Kabul and have before now invited the English to take their country, a small Force thus composed can hardly be intended to advance independently on Kabul, crossing on the way the Shutur Gurdun (Camel's Neck) Pass over the shoulder of the Safed Koh mountain, a pass of which General Lumsden reports as follows:—"From Dobandi camp, the road as far as the summit of the Shutur Gurdun Pass has a gradual "ascent along a narrow gorge commanded from "peaks all around for about 2 miles. The descent "of this pass towards Logar is exceedingly steep, "with sharp zigzags and very long; artillery (I "believe 6-pounders) has been taken over this pass "by Sirdar Mahamad Azim Khan, but he carried "the guns on the stout double-humped Bokhara "camels; for wheeled carriage it is at present im"practicable, and it would take a vast expenditure "of money and labour to make it passable. The "rugged nature of the mountains overhanging both "sides of this pass with huge masses of naked "limestone rock cropping out in every direction "offer cover to an enemy from which it would be "difficult to dislodge him without great loss; and "it would be difficult to withdraw covering parties "after the descent of the pass had been accom"plished; in fact, supposing opposition to be "offered here, it would be difficult to conceive a "worse pass for the passage of an army; and it "would be useless to attempt it, except as a diver"sion, with a brigade of the best light troops, "with mountain train batteries and field howit"zers on elephants; but for these animals even the "procuring of forage would be no easy matter." It must be borne in mind, too, that this operation would have to be accomplished in the depth of winter by Indian troops, who suffer terribly when exposed to severe cold; and that when General Chamberlain marched into the Kurram valley in November, 1856, his sick list, though his troops never marched out of the plain country, was very heavy, the thermometer falling to 10° below freezing point at night, and showing a difference of 40° between the temperature of the night and day. As General Roberts has no reserve, we think it likely that his duty will be confined to the occupation of the Kurram valley, in which he will probably meet no resistance, till the spring, when he can attempt an advance simultaneously with a movement of the main British force from Jellalabad to Kabul, for we doubt if Sir Sam Browne has orders to go beyond Jellalabad this year. The Quetta column under General Biddulph is much stronger than that under General Roberts, and, as it is to be supported by two reserves, it is evidently destined for important operations; but our correspondent at Quetta now telegraphs that no advance on Kandahar will be made till General Stewart arrives with some of the troops of his division; and that means a delay of certainly two or three weeks. Such a delay is to be regretted, for the sooner the troops leave the elevated, bleak, and barren station where they are now encamped for a more sheltered country, the better. Their worst foe is the winter. The native troops simply cannot endure cold, and the European troops in this country are exposed to so few trials in time of peace that it will take some time to inure them to the hardships they are now undergoing. Unfortunately, too, the whole force at Quetta is without a proper supply of warm clothing, another instance of unpardonable neglect for which, as usual, it will, we suppose, be found that there is nobody to blame.

In the Khyber Sir Sam Browne is able at least to provide his men with the excitement of a little fighting to keep them in good health and spirits. The British troops, advancing into the Pass from Jumrood, seem to have encountered no resistance till they reached Ali Musjid. This fort, we may remind our readers, is 26 miles from Peshawur and 8 from the entrance to the Pass. It is situated on a conical hill, about 600 feet high, on the south of the Pass. The low oblong rock on which it stands is commanded by two hills of consider able eminence, of which one is to its south and the other to its west. As the Pass here is only 150 yards wide, it is impossible for a Force advancing from the east to march onwards to Jellalabad till the fort of Ali Musjid is taken. No doubt, this position has lately been strengthened by new defences. General Browne seems to have made the most cautious approaches to it, and we are informed that after shelling the fort, he delayed the attack till troops detached for the purpose had completely invested the place, by occupying the Rhotas hill, which must be that to the west, as the troops are said to have moved to the right, and so enable him to capture the whole Afghan garrison. The result of this interesting strategical operation is not so satisfactory as might have been. In fact, the investment of Ali Musjid appears to have been a repetition on a small scale of Lord Clyde's famous investment of Lucknow, which would have been remarkably successful if the fish had not been all allowed to slip through the net. While Sir Sam Browne was awaiting the completion of his plan, the garrison of Ali Musjid walked quietly out during the night, and left the place empty to be occupied by the British troops. Thus ends the first engagement of the war. Ali Musjid is now a British fort, and the first and most important step has been taken towards "lifting "the veil from the face of Afghanistan," to use the expressive phrase by which an Afghan chief described what would be the result of opening the Khyber Pass. There are one or two more positions at which the enemy may make a stand between Ali Musjid and Jellalabad; but it appears as if the military resistance to be offered by the Afghans will be of slight account, and that the Amir places his main reliance on the rigorous climate and the prospect of Russian aid.

Is it not time for those members of the local Government who are assembled in Bombay to raise a "Hue and Cry" for Sir Richard Temple? Nobody seems to know exactly where that knight errant is. He may have gone off in his yacht to see Mr. James Fleming in Spain, or to survey the port of Carwar, or to be the pioneer of a Bombay expedition destined to occupy Bushire; but at any rate he is not in Bombay, and it is an exceedingly awkward thing that he should be absent at this conjuncture. We do not feel ourselves bound to offer an apology to our readers for being still unable to lay before them the text of the Viceroy's Proclamation declaring that India is now at war with Afghanistan, because we naturally supposed that that Proclamation would be published simultaneously in the *Government Gazettes* of all the Presidency towns, according to what has hitherto been the invariable practice, and we consequently made no arrangements to get the Proclamation telegraphed from Lahore. The publication of a State paper of this kind is a solemn act of duty which the Government owes to its subjects; and we cannot suppose that the Viceroy has been so wanting in courtesy to the Government of Bombay, or so forgetful of its existence, as to omit telegraphing the precise words of the official document in which the fact that the country has entered into a state of war is made known to the people of India. The only possible explanation of the non-appearance of the Viceroy's Proclamation in a *Government Gazette Extraordinary* is that Sir Richard Temple is fidgetting about the Malabar Coast, somewhere or other, and that his colleagues can do nothing without him. It is a curious state of affairs. Here have all the inhabitants of the Bombay Presidency been for two days engaged in war with the Amir of Kabul; yet no one has come forward on behalf of the Government to tell them what their duties are in a condition of life which to them is perfectly novel, or to condescend to explain to them the origin and justification of a quarrel in which they are deeply concerned, inasmuch as their troops will have some of the fighting to do and a large proportion of the bill of costs for the war will have to be paid by Bombay. It is really scandalous that the taxpayers should be treated with absolutely no consideration at all, and that the Government should not have the common decency to say why war has been declared, and for what purpose it will be waged. The motives and objects of the war are fully explained in the Viceroy's Proclamation; but in Bombay we are still without any official intimation that a state of peace has been exchanged for one of war; and, as there are a considerable number of subjects of the Amir of Kabul residing in this city, it might have been supposed that there were special reasons for giving the Proclamation immediate publicity in Bombay. At present, none of us know what our duties are as citizens of a belligerent State. We are at a loss to conjecture why Sir Richard Temple remains away from the Presidency town at a time when he must have known that a declaration of war might be expected. He must have been told that the time allowed to the Amir for replying to the *ultimatum* would expire on the 20th, yet he deliberately keeps out of the way, as if it were a matter of no consequence to him whether India went to war with Afghanistan or not. To speak bluntly, it was his duty to be in Bombay at this time, and we regret that, by seeming purposely to absent himself from the capital of his government, he should give occasion for the sneer that perhaps he may be sulking over the unpleasant discovery he has lately made that he is not the one indispensable man for India in her hour of need. Bombay has certainly been treated badly by the Government of India as regards her share in the preparations for crushing Shere Ali; but let Sir Richard Temple be comforted, his time will come. We are now only at the beginning of probably the most stupendous struggle in which the British Empire has ever been engaged.

The Proclamation appears to give anything but an impartial history of the relations between India and Afghanistan during the last ten years. It recapitulates all the grievances the Government of India has against the Amir, but it omits what is now alleged by the *Times* to be the Amir's great grievance against the Government of India, that Mr. Gladstone would not let Lord Northbrook give him in exchange for his pledge of unswerving loyalty a guarantee against Russian aggression. Lord Lytton boasts that the English secured to Shere Ali the fixed boundary of the Oxus; but what was this security worth when the Prime Minister rose in his place in the House of Commons and declared that the responsibility of England in Afghan affairs was "moral" only, and not "material?" However, our own belief is that a lasting accommodation with Shere Ali

FIGHTING IN THE KHYBER PASS.—CAPTURE OF ALI MUSJID.

LAHORE, Nov. 22.

The Peshawur force advanced yesterday morning. General Sir Sam. Browne, with the Head Quarters Staff and the 3rd Brigade, moved direct on the Khyber Pass. The first and second Brigades, under General McPherson, are making a wide detour to the right to occupy Rhotas hill above Ali Musjid, and cut off the retreat of the garrison. The difficulties of the road are so great that the advance was delayed. General Browne occupied the Shajai Ridge without opposition, but found the Amir's troops strongly posted at Ali Musjid. He shelled Ali Musjid, and extended some troops to engage the enemy's attention and hold him, but delayed the attack awaiting arrival of the other columns at the assigned positions.

LAHORE, Nov. 22, 3-10 P.M.

Ali Musjid was abandoned by the enemy under cover of the night, and occupied by our troops at daylight this morning. We secured their guns, tents, &c. Our loss not serious.

ADVANCE OF THE KURRAM COLUMN.

LAHORE, Nov. 22.

A telegram from General Roberts reports that his column advanced this morning and found Kapigong fort vacated quite recently. He then pushed on to Ahmadshama, eight miles further, and found the Fort there also recently vacated. There he assembled a *Jirga*, and explained the reasons for entering Kurram, and arranged with the headmen for bringing in supplies, grass, and wood.

(FROM OUR SPECIAL CORRESPONDENTS.)

LAHORE, Nov. 21.

General Roberts's column crossed the Kurram this morning. The fort of Kapigong, which commands the passage of the river, was evacuated by the garrison two hours before the troops crossed. No resistance was offered. Telegraphic communication is restored. The health of the troops is good.

THE QUETTA COLUMN.

QUETTA, Nov. 22.

The Head-Quarters and Colonel Brown, Political Attaché, removed to Kuchlak to-day. The General will read the Proclamation of War to the troops encamped there.

The 70th march to-day; the Baluchis and guns on Sunday.

E-4 Battery is expected to arrive at Quetta to-morrow.

No advance is at present expected until General Stewart's troops arrive.

Copies of the Proclamation will be distributed across the Frontier. All quiet.

NAWAB GHOLAM HUSEIN.

LAHORE, Nov. 22.

Nawab Gholam Husein, C. S. I., has been attached to General Stewart's force on political duty.

PROCLAMATION BY THE VICEROY.

THE Proclamation, in English, Persian, and Urdu, from the Viceroy of India to the Amir, his Sirdars, subjects, and all the people of Afghanistan, was issued on Thursday last. It recites the historical relations between the British Government during the past ten years, since when Shere Ali Khan, after a prolonged struggle, succeeded to the throne of Kabul, and states that his kingdom then wanted consolidation and its extent was undefined. The Umballa visit is then referred to, and the assistance which from time to time he has received from the British Government. That through that assistance and influence his formal recognition by Russia secured also the fixed boundary between Kabul and the Khanates of Bokhara and Kokhand. The Amir's sovereignty over Wakhan and Badakshan, till then disputed by Russia, was admitted. Further it is pointed out that his Afghan subjects have enjoyed free trade and had intercourse with India, being protected and in no case inhospitably or unjustly treated within the British jurisdiction. The Viceroy goes on further to say, that for all these gracious acts on the part of the British the Amir, rendered no return; on the contrary, he has requited them with active ill-will and open discourtesy. The authority over Badakshan, acquired by the influence of the British Government, was used to forbid the passage to British officers of rank returning from missions to neighbouring States. He has closed against the free passage of British subjects the roads between Afghanistan and India; he has also maltreated British subjects, and permitted British traders to be plundered in his jurisdiction without protection or redress; and has cruelly used and put to death those suspected of communicating with the British Government. He has also openly and assiduously endeavoured by words and deeds to stir up religious hatred against the English, and incite war against the British Empire in India, having previously excluded British officers from his dominions and refused to receive the British mission. He has also left unanswered friendly communications addressed to him by the Viceroy, and repelled all efforts of amicable intercourse between the British Government and himself. He has nevertheless received formally and entertained publicly at Kabul the Embassy from Russia; and this when such acts derived special significance from contemporaneous events in Europe, and the attitude of England and Russia in relation thereto, well knowing that the Russian Government stands pledged by her engagements with England to regard his territories as completely beyond the sphere of Russian influence. Finally, while the Russian Embassy was still at his capital, the Amir forcibly repulsed at his outposts the English Envoy of high rank, of whose coming he had formal and timely announcement by letter from the Viceroy attesting the importance and urgency of the Envoy's Mission. Even then the Government, still anxious to avert calamities and war, deferred hostile action, and proposed to allow him a last opportunity of escaping the punishment merited by his acts. This opportunity the Amir refused to avail himself of.

It has been the wish of the Government to find the best security for their Indian Frontier in the friendship of a State whose independence they seek to confirm, and of a prince whose throne they have helped to support. Animated by this wish, the Government has made repeated efforts to establish with the Amir those close and cordial relations really necessary to the interests of two neighbouring countries; but its efforts were persistently repulsed, and have now been met with open indignity and defiance, the Amir Shere Ali Khan mistaking for weakness the long forbearance of the British Government, and he has thus deliberately incurred its just resentment. With his Sirdars and the people of Afghanistan this Government have still no quarrel, and desire none; they are absolved from all responsibility for the recent acts of the Amir; and as they have given no offence, so the British Government, wishing to respect their independence, will not willingly injure or interfere with them, nor will the British Government tolerate the interference of any other power in the internal affairs of Afghanistan. Upon the Amir Shere Ali Khan alone rests the responsibility, he having exchanged friendship for hostility of the Empress of India.

We hear from the Naga country that Kohima, in the Naga hills, was occupied without opposition on the 14th instant.

We hear it stated that Messrs. Maxwell and Hall, the resident partners of the firm of Messrs. W. Nicol and Co., have offered to cancel the clause of the trust deed, recently executed, to which the Bank managers object; but that the latter have refused to assent to the proposal and insist on a new deed being executed.

His Excellency the Commander-in-Chief, accompanied by Brigadier-General Brooke, Adjutant-General, Brigadier-General Burrows, Quarter Master General, and Colonel Justice, Military Secretary, arrived in Bombay on Thursday evening.

Yesterday, in the High Court chambers, before Mr. Justice Green, Mr. Craigie (of Messrs. Craigie, Lynch, and Owen, solicitors,) presented a plaint on behalf of the Oriental Bank Corporation and others against Messrs. W. Nicol and Co., praying for a declaration to have the trust deed lately executed by some of the creditors of the firm set aside by order of the Court. The plaint was accepted.

The *Pioneer* publishes the following telegram dated Lahore, 19th Nov.:—The Viceroy, with Colonels Colley and Baker, and Mr. Lyall, Foreign Secretary, arrived to-day. Lady Lytton follows on Thursday. The Commander-in-Chief has been recalled from Pindi by telegram, and is expected this evening.

The *Civil and Military Gazette* is informed that the General Hospital system is to be carried out both in the British and Indian forces as soon as the army crosses the frontier, regimental hospitals being entirely broken up.

The *Civil and Military Gazette*:—As an instance of the extent of the resources of some of the Punjab districts in furnishing carriage to the expeditionary forces, we append a memo. of baggage animals supplied from the district of Sholapore alone:—

	Description of Carriage, Camels,	Mules & Ponies.	Bullocks.
Commissariat Officer, Multan...	1,009	...	...
Ditto, Jhelum...	2,542	...	407
Deputy Commr., Jhelum for Commissariat ...	841	...	...
Executive Commissariat Officer, Rawalpindi ...	615	...	...
Principal Commissariat Officer, Kohat Field Force, Rawalpindi,	299	...	...
Executive Commissariat Officer, Peshawar ...	814	376	...
Total ...	6,120	376	407

The district officers of Sholapore are, we think, to be congratulated on the success of their exertions.

Letters which we (*Civil and Military Gazette*) are receiving from Peshawur do not represent all things there as being in a most satisfactory condition. Preparations for an advance are certainly being made, but are said to be far from complete; tents, clothing and doolie-bearers are still required. The men of the Native Infantry regiments of the regular Peshawur garrison are being over-worked, being on guard or picquet for days without proper reliefs, and they are at the same time suffering from fever. Complaints, too reach us of the Civil arrangements. The Commissioner and Judicial Assistant have been despatched on political duty to Kohat and Thull, and no one has been appointed to adequately fill their places. The administration is said consequently to be weakened and the difficulties of collecting supplies, carriage, clothing, &c., increased.

The *Madras Mail* complains of defective postal arrangements in Mysore. Our contemporary says:—"The state of affairs as regards the mails on the Bangalore-Mercara line calls for the prompt attention of the Post Master General. The offices on this line are Mysore, Hunsur, and Mercara. Suppose the *Mail* posted on Monday afternoon at Madras. It reaches Bangalore at 6 a. m. on Tuesday, and in former days (alas! departed) would reach Mysore in 18 hours or 1 a.m. Hunsur in 24 hours or 7 a. m., and Mercara in 34 hours or 5 p. m. of Wednesday. But the running gradually fell off until it became three hours or so behind time at each place, and now it is 'quite too awful,' not reaching Mysore until about 10 a. m., or nine hours behind time in a run of 87 miles only—and of course late at the other stations in proportion. There is, however, worse behind, for the mails leaving Mercara are sometimes so late that the English mails have been delayed at Mysore for a day, and so the 'last safe date' has proved a delusion and a snare. As yet the new Inspecting Post Master, although anxious to improve matters, appears to be quite unable to do so: the line Overseer either cannot, or will not (the latter for choice), accelerate the pace, and, in fine, it is a case very much worthy of serious and immediate investigation by the Head of the Department."

The proposition to form a Corps of Artillery Volunteers at Madras has aroused criticism and comments on the effort which was made by Captain James some time ago to get up a similar corps in Bombay. Two well known Indian journals hazard opinions as to the failure of the movement in Bombay, and neither version is correct. The *Civil and Military Gazette* says: "An attempt was made to form a volunteer artillery corps in Bombay to work the big guns on board the two ironclads in the harbour, but the volunteers were found unequal to the task, partly from the great physical power required, and partly from the risk of serious accident from the elaborate machinery used to work the guns, and which, on one occasion, owing to the confined space in which the guns are worked, nearly proved fatal to one of the volunteers. He missed by an inch or two being squeezed into pulp." The *Englishman* differs from the *Civil and Military Gazette*, and says it has "the best reason to know that the failure of the attempt to get up a volunteer artillery corps in Bombay had nothing whatever to do, either with any physical inefficiency on the part of the volunteers, or with the fear of accidents, but was due entirely to departmental jealousies. It is quite true that on one occasion an accident nearly occurred,—though to the best of our recollection it was to a visitor of somewhat exalted station, and not to one of the volunteers,—during the working of the guns; but the occurrence was owing to no fault on the part of the men who were working the guns, but solely to want of caution on that of the gentleman who so narrowly escaped being reduced to a pulp, in putting his head through the embrasure at the wrong moment." Neither the *Civil and Military Gazette* nor the *Englishman* is right. We remember the Bombay Naval Volunteers very well. When the idea of forming the Corps was started by Captain James a good many men in Bombay became enthusiastic about it, and we think the scheme would have succeeded, but it did not meet with the approval of the authorities, and the neglect of Government soon damped the ardour of all concerned. The project for forming a Rifle Volunteer Corps, on the other hand, was heartily supported by Sir Richard Temple, and it has flourished accordingly. We do not recollect any accident having occurred during the short time the Naval Volunteers were allowed to go on board the turret ships and take lessons in the working of the guns. A stupid mistake did occur on one occasion, when a huge projectile was sent spinning over the town instead of in the direction of the mark fixed out at sea to be fired at; but that was when regular artillerymen from Colaba were practising, and itis not to be laid to the charge of the Volunteers, who never advanced so far in their drill as to be allowed to use powder and ball. The idea of Government in throwing cold water on the movement was, we believe, that the duties could not be satisfactorily performed by Volunteers, and that it would be better to get trained artillerymen to work the turret-ships.

THE CANADIAN BLONDIN.

To-night Blondin announces his first appearance whose feats in a variety of ways are of a most daring and astounding nature. The amazing skill displayed by him on the high rope must be seen to be believed, and as the lovers of the marvellous and the daring are legion, we have no doubt that Blondin will find his enclosure crowded to-night by eager and warm admirers of his grand and sensational entertainment.

THE PARSEES IN THE ABYSSINIAN EXPEDITION.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

Sir,—"Theodorus" in his letter to you says that "during the Abyssinian campaign the batch of Commissariat assistants was composed of Europeans and Parsees." Owing to the climate being "intensely cold and trying, the Parsees were more or less all sick." He further adds that the Passes "were never fit to do anything till the afternoon, &c.' I myself, with several of my clan, were present during the Abyssinian campaign, and to tell the sober truth we never felt the cold to such an extent as has been stated by your correspondent. We enjoyed the climate quite as much as every European did. In the Kabul Expedition of 1854-55 several Parsees accompanied the Expedition, and they all and each equally enjoyed the cold, bitter as it was, and never complained of its intensity.—Yours, &c.

JAMSETJEE RUSTOMJEE APOO.

THE GAEKWAR'S ARMY.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

Sir,—During a recent visit to Baroda, I was glad to observe that several desirable and much needed improvements had been made not only in the city of Baroda, but also in the several departments of the administration of the State. From the well known character of the present Minister, Sir T. Mahadava Row, both as an able politician and a wise administrator, less could not have been expected. The entire administration of the State, during the minority of the present Mahraja, is vested in Sir T. Mahadava Row, but I believe that in the existing state of affairs, the Agent to the Viceroy and Governor General is authorised to assist Sir T. Mahadava Row in dealing with administrative matters, and more especially with regard to the military section of H. H. the Gaekwar.

H. H. the Guickwar's army consists of—

3 Regiments of Infantry composed of 6 companies per regiment and each company 90 strong.
2 Regiments Cavalry (squadrons), each consisting of 100 rank and file.
1 Field Battery Artillery, 6 guns.
1 Amalgamated Battery, 6 gold and 2 silver guns.
1 Body Guard, Cavalry, 60 rank and file.

The above force is commanded by a General with the following staff:—

1 Colonel as Adjutant General and also in command of the Infantry Brigade.
1 Colonel as Gr. Mr. Genl. and also in command of the Cavalry Brigade.
1 Brigade Major, a Hindu, salary B. Rs. 250 per mensem.
1 Military Secy., a Hindu, ,, 200 ,,

A Captain gets a salary per monthly of ..... Rs. 300	A Jemadar gets a salary per month of ..... Rs. 16
A Lieutenant ,, 225	A Havildar ,, 13
A Subedar Major ,, 100	A Naique ,, 11
A Subedar ,, 25	A Private ,, 9-8

I am informed that Sir Richard Meade during his incumbency took a great deal of interest in the re-organization of H. H. the Gaekwar's troops, after the deposition of Mulhar Row, late Gaekwar. And it is mainly due to Sir Richard that the officers commanding the several corps are in receipt of the present enhanced rate of salaries, and hold a far superior position regimentally to what they held under the old administration, for in those days they were mere drill instructors, the Subedar Major and Subedars then being the virtual commanders, and on whose recommendation all promotions in a corps were made.

By all accounts the General commanding the troops is a very affable man, and is doing his duty zealously, but unfortunately suffering from partial paralysis, he is physically unfitted to hold that important and most responsible post. He has served the State for several years past, and it is to be hoped that in consideration of his long and faithful services an early and adequate pension will be granted him, for his physical incapacity to hold command must of necessity operate against the efficiency and discipline of the troops under his command, and, moreover, owing to that sad infirmity he is necessarily driven to seek the assistance and be generally guided by the advice of his Hindu Brigade Major and Military Secretary, neither of whom possess the required abilities, not is fitted from caste prejudices to efficiently fill the responsible position of an adviser in military matters. I need but give you and your readers one instance in support of what I have advanced.

Baroda, like most other principal Indian cities, is blessed with the presence of a very sacred Hindu, seer, sage, or saint, whichever you wish, named "Janki Bavah." This holy man seems rather fond than otherwise of the "pomps and vanities of this wicked world," for he lives in a state more befitting a petty chief than one of his calling. This "Janki Bavah," no doubt, through the kind offices of the General's Hindu Brigade Major and Military Secretary has succeeded in gaining such an influence and ascendancy over the General that even at the daily public orderly room, where the several European commanding officers have to make their reports to the General, the seat of honor, the chair ordinarily occupied by the General whilst at the orderly room, is considerately resigned by the General to the heaven-born "Janki Bavah!" Well might the several European commanding officers hide their diminished heads in this august presence, and well may their numerous native commissioned, non-commissioned officers and privates learn to consider and treat their commanding officers as the inferiors of their Janki Bavah, the publicly admitted superior and confidant of their General when seated in his official capacity in the orderly room!

But the evil complained of rests not only here. The several European officers commanding corps are requested verbally by the General to exert their influence with the men of their respective corps and induce them to contribute from their already insufficient pay, towards swelling the revenues of the sacred Bavah! Can infatuation further go?

The magnitude and multiplicity of evils that must be expected to flow from the above most objectionable and questionable proceedings, require no comment from me. I have only to add that I have reason to be assured that neither Mr. Melvill, the Governor General's Agent, nor yet Sir T. Mahadava Row is aware of those proceedings, and I feel satisfied that when this sees publicity through the medium of your paper, a speedy remedy will not be wanting. To satisfy himself of the truth of what I have brought to light, Mr. Melvill has only to call a meeting of the several European commanding officers of the force, and with your paper in his hand, question them as to the truth or falsity of the present article.

I am in no way connected with the service, I am not a resident of Baroda, and have addressed you purely from a desire to remedy a crying evil.

EMPLOYMENT OF PENSIONERS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

Sir,—I trust that you will kindly give this letter a little space in your valuable columns to advocate the cause of the class to which I belong.

In the present depressed state of trade in civil life, it is most desirable that some scheme should be introduced for the employment of pensioners in Government offices, or under Government in some way, according to their abilities. As matters now stand, it is no uncommon thing to meet pensioners of all ranks with excellent testimonials and good conduct medals unemployed for months after their discharge from the service. It has occurred to me, and to many others, that if the clerkships, &c., now filled by effectives were open to pensioners, it would to a very great extent remove the difficulty, and at the same time it would be something for deserving men to look forward to and qualify for.

It is to be hoped that before long something will be done to extend the employment of pensioners to Government situations. From every branch of the service excellent clerks, &c., are discharged on pension yearly, and could, as pensioners, undertake any duty with credit to themselves and benefit to the service. Too often pensioners, on applying for employment in civil life, find that their excellent testimonials and medals (good conduct and war) are not always sufficient unless they can bring direct influence to bear on the vacant post. Such has been the experience of many, and of yours,

THE ITALIAN OPERA COMPANY.

We would ask our readers to glance down the programme to be executed to-night by this Company, and note the gems from the Operas with which it is studded. This Concert is announced as the last, and no doubt the greater rewards in Calcutta which await these *artistes* may induce them to leave Bombay at once; but we shall be gratified to learn that the patronage accorded them here has been sufficient to make them prolong their stay among us.

THE DISPUTED ELECTION TO THE MUNICIPAL CORPORATION.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

Sir,—As one who has taken some interest in the recent elections by ratepayers, I was naturally anxious to know what decision the Chief Presidency Magistrate would pass in the matter of the "disputed election" of one of the members for ward No. 3. The judgment of the Magistrate appears in your paper of the 20th instant, and I take it for granted that, as regards the "law" in the case, the judgment is a sound one; but I may be permitted to notice a few facts which appear very inconsistent with what fell from the presiding Magistrate. In the first place he maintained "that the list of voters prepared by the Municipal Commissioner under the provisions of sections 9A and 9D was conclusive, and that the fact of the voter's name appearing in such list was conclusive evidence of his right to vote. But it will be seen that the Municipal Commissioner was not of this opinion. On referring to his notification regarding the municipal elections, published under his signature on the 5th October 1878, I find the following clause: "No person is qualified to vote by reason of his name being entered in the said list, unless he resides in Bombay; neither is such person *qualified unless he has attained the age of* 21 *years*, or is a Fellow of the University of Bombay." According to Mr. Grant's notification the mere fact of Parshotum Bhugwandass' name appearing in the list did not of right entitle him to vote, the qualification being that he must be a resident in Bombay, and that he must be of the age of 21 years.

Then, again, in a N. B. affixed to the list of voters under the Municipal Commissioner's signature, that officer states thus: "It being impossible for the Municipal Commissioner to obtain reliable information as to the ages of ratepayers, it has been found impracticable to distinguish in this list between persons qualified to be elected or appointed members of the Corporation, and persons qualified to vote at ratepayers' elections. It must, therefore, be borne in mind that this list is subject to the ratepayers therein named having the *necessary qualification* of age, whether for voting or becoming members of the Corporation." Surely this is sufficient to show that the list was not "conclusive," and that "without the necessary qualification of age," no person on the list was entitled to vote.

With regard to the objection raised by the polling officer to Mr. Purshotum Bhugwandass' vote on the ground that he was not of age, the Magistrate says: "The Municipal Commissioner acted quite properly and legally in disallowing the objection." In Mr. Grant's memo of instructions to polling officers the 8th clause is as follows: "By rule 6 of the Government Notification the intending voter has to answer such questions as the polling officer may put to him. Those questions should be of two kinds only." *Vide* (rule 7 of the Government Notification as to identity, and as to age.)

Clause 9—'In case the polling officer is not convinced of the identity or age of the voter, he should receive the voting paper and put it in a separate file 'of voting papers objected to.'"

The question, therefore, arises, was the polling officer right in acting up to the orders of his superior, or did the Municipal Commissioner Act "quite properly and legally" in disallowing the "objection of the polling officer, made in accordance with the rules and instructions issued to that polling officer." If the Act itself says that one of the qualifications of a voter *must* be that he must have "*attained the age of* 21 *years*," it appears strange how the rejection of a voter who is not of that age can be said to be "improper or illegal."

Nov. 22. A RATEPAYER.

THE VOLUNTEERS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

Sir,—Now that the evenings are very short, I would suggest through your columns, that the members of the Volunteer Corps should fall in on Saturdays at the Band stand or at the oval in front of the new Secretariat instead of as at present, at the Town Hall. This plan would save a great deal of precious time now wasted at the Town Hall in falling in, calling out the names, &c., and it is hardly past 5 when the corps starts, and by the time the Bandstand is reached, the setting sun almost disappears, and darkness soon follows. By meeting at the Bandstand all this loss of time would be saved. No doubt the marching to the Bandstand attracts many on the way, but this could be easily remedied by marching round the oval when the men are ready, and after that, the evening programme can be leisurely carried out.

On the subject of securing a good master at each weekly parade, I think the officers and the N. C. can do very much to increase the number of men in each company. Everything is centred upon their individual exertion, especially the N. C., to have "an eye" on the men in their company or section, by coming into contact with them as often as possible. This will bind the men to the N. C. and the N. C. to the officers, and then we can safely say

READY, AYE READY!

THE HYDERABAD CONTINGENT.

(FROM A CORRESPONDENT.)

Doctor Adams, who has just been appointed medical officer of the Political Agencies at Kota and Jhalrapatam in Rajputana, and who was lately seriously ill at Jaulna, is, we are glad to say, now in a fair way of recovery.

The new durbar room at Bolaram will be completed shortly, and will probably be opened about the middle of January next. A ball would grace the opening.

General Wright—not Raid as was stated—has visited Ellichpore, and is now at Hingolee; in a few days hence he goes to Aurungabad to hold the Camp of Exercise.

The 6th Infantry H. C. have left Ellichpore for Aurungabad under the command of Lieut. Colonel Justice.

The Infantry Regiment at Lingasoogoor is suffering very much from fever; over one hundred are sick in hospital. The medical officer, Dr. Hume, has been relieved by Dr. Eyre. The former goes to Akola, it is said, in place of Dr. Little, Civil Surgeon, who is now officiating Sanitary Commissioner, H. A. D.

THE NIZAM'S PUBLIC WORKS DEPARTMENT.

(FROM A CORRESPONDENT.)

This Department is supposed to be the most expensive and wasteful of any other, so a reform for the third time in ten years has been thought advisable. We have already intimated that a committee at Hyderabad were busy in dealing with subtraction and addition in every Department. The first that has come under the shears is this P. W. Department, and not too soon, for we hear that the expenditure in one division on salaries amounted to twenty-five times the expenditure on works! The Department is to be divided into six divisions or circles, which Mr. Wilkinson, Secretary H. H. the Nizam's P. W. D. seems to think will be better. The poor divisional Engineers will be henceforth called Executive Engineers, having at last taken the appellation from the British P. W. D. After all, what's in a name? The subtraction in the P. W. D. makes the addition in other Departments.

The new scheme is framed to assist the Secretary, which is as follows:—Mr. Roy Munoolal, Irrigation Branch; Mr. Dunlop, General Branch; Mr. Gay, Accounts Branch.

(1.) Hyderabad or Central Circle—Mr. Heenan, Executive Engineer: 1 Assistant Engineer, 3 Supervisors.

(2.) Northern Circle—Mr. McFarlane, Executive Engineer, Medak, Nagoonda, and Indore districts: 2 Assistant Engineers and 3 Supervisors.

(3.) North Western—Mr. Fitch, Executive Engineer, Aurungabad, Purbani (Hingoli) and Bheer districts: 1 Assistant Engineer and 3 Supervisors.

(4.) Southern Circle—Mr. Marrett, Executive Engineer Sholapore, Goolburga, and Raichore districts: 2 Assistants and 4 Supervisors.

(5.) Eastern Circle—Mr. Hudson, Executive Engineer Kummum, Nalgoondia, and Naga Kurnool districts: 3 Assistants and 3 Supervisors.

(6.) Western Circle—Mr. Jones, Executive Engineer Bedir, Nuldroog, and Nandair (Godavery) districts: 1 Assistant Engineer and 2 Supervisors.

Mr. Palmer, Superintending Engineer and Secretary to the Sudr-ool-mahum.

Nawab Shahab Jung Bahadur retains his old designation of Sudr-ool-mahum, and is the head of the Executive Branch.

The Nawab's rank should have been Minister of Public Works; to be the head of a department a man must be fully competent to undertake any work in his line, but not as *namki wasti*. We further learn that the Revenue Department is to carry out all patchwork, or repairs, costing from 1,000 to 2,000 Hali Sicca rupees, for which six engineers have been transferred to this already expensive Department, which has been lately pledged. The P. W. D. is to see to buildings, roads, irrigation, and navigation. Who is to be the Marine Engineer? Where is the navigation to be? This is a new idea and hobby of some one's! The coal fields, the Geological and Chanda Railway Surveys and Workshops, are not to be a branch of the P. W. D., but to be entirely under the keen eye of the Secretary to the Sudr-ool-maham, and last though not least, the Park or Public Gardens at Chuddarghat will be controlled by the Secretary.

Twelve old servants (Engineers) of the P. W. D. have been shunted from that body, six go to the Revenue Survey, two get dismissed, three are pensioned, and one gets a gratuity. This is severe and hard upon these men.

The estimated cost of the new re-organization is set down as follows:—

Executive branch ..... Rs.	2,25,000
Control branch	1,17,000
Total	3,42,000
Special Works	83,000
Total ..... Rs.	4,25,000

It is anticipated that by the new scheme there will be a saving to the State of about Rs. 12,354 a month or H.S. Rs. 1,48,247 annually. The new scheme has not as yet been published, but this is a correct epitome. After all, the remodelling of all the Departments will be like "robbing Peter to pay Paul," for we fear very much that a saving will not be effected after all these economical efforts of the committee. It may confidently be said that if the Nizam's Government would only insist on diplomaed and certificated engineers and subordinates, these re-organizations would not be needed.

INDIAN NEWS-LETTERS.

(FROM OUR OWN CORRESPONDENT.)

RAJKOTE, Nov. 18.

There has been a marked change in the weather for some time past, the mornings and evenings being delightfully cool; but the public health is far from good. A bad type of fever prevails more or less throughout the province, and many succumb to it. No family is free from it, and the Chiefs of Lathee and Rotra-Sangani, and the wife of the Thakore Saheb of Rajkote, recently fell victims to it. Our Civil Surgeon, Dr. McDougal, being unwell, has gone to the sea-coast for a change. The *hakeem's* trade was never so brisk as at present, and it is the harvest time for quacks and charlatans in this line.

The young and intelligent Thakore of Morvi will shortly receive the sole charge of his State, he having passed all the necessary ordeals to qualify him for the independent position of a second class chief. Latterly, as a joint-manager with Rao Bahadoor Shamboo Prasad, he evinced great intelligence and administrative power. The veteran administrator, Mr. Shamboo Prasad, when relieved by a new kharbari, will probably retire on a well-earned pension. The excellent way in which he has managed the Morvi State, and the manner in which his services have always been esteemed by the Government, clearly show the value of the man.

The young Maharaja of Kholapore is now here, and enrolled a student of the Rajkumar College.

All thanks to our station magistrate, Mr. Dhanjiebs Hormusji, for providing us with excellent gardens near the new tank, and it is owing to his zeal and personal supervision that the garden is being kept in such good order. The fountain in the centre adds much to the beauty of the place.

A salute of 15 guns was fired from the saluting battery yesterday morning at sunrise, on the occasion of the arrival of His Excellency the Commander-in-Chief from Poona.

A Matrimonial Suit.—A suit filed by Mary Jordan against William James Jorden for a judicial separation was called on before Mr. Justice Bayley at the High Court yesterday, but as none of the parties appeared, the suit was dismissed.

Bishop Bowman, D. D., from America, will preach (D. V.) in the Framjee Cowasjee Institute on Sunday evening, 24th inst., at 6 o'clock. Hymns from the Sankey collection. On the following Tuesday at 5 p.m. the Bishop will lay the corner stone of the new Methodist Episcopal Church on Grant Road (opposite Moos buildings), and the same evening at 7 o'clock there will be a Tea Meeting in Falkland Hall at which Bishop Bowman and other gentlemen will deliver addresses. All classes are invited.

Assault.—A Siddee was yesterday fined Re. 15 by Mr. W. Webb on being found guilty of assaulting Mumonbhoy Carreembhoy.

Found dead.—The body of a female child, apparently about 3 or 4 months old, was yesterday found lying dead on the beach at Kennedy Seaface. The body was examined by the Police Surgeon, who issued an order for its burial.

Robbing a child of its ornaments.—A Hindoo woman, named Parvutter, residing at Colbet Road, reported to the Police yesterday that her child, aged five years, was enticed away by some person and ornaments to the value of Rs. 18 stolen from its person.

Another charge of defamation against the agents of the New Dhurumsey Mills.—At the Fort Police Court, yesterday, Mr. Sayani (of Messrs. Iyebjee and Sayani) appeared before Mr. Nana Morojee and filed an information on behalf of Mr. Cassumbhoy Dhurumsey against Messrs. Nusserwanjee Merwanjee Panday and Dorabjee Framjee Panday, charging them with defamation in respect of certain allegations that appeared in a report published by the firm of the accused, who are the agents of the Dhurumsey Spinning and Weaving Mills. The Magistrate granted summonses to issue against the two accused, which were made returnable on the 11th proximo.

DIVINE SERVICES.

METHODIST EPISCOPAL CHURCH.

Public Services are held as follows: on Sundays, at 11 a. m. and 6 p. m., and Mondays and Thursdays 7-30 p. m. at Falkland Hall, (back of Grant Road Theatre), Dean Hall Fort (back of old Secretariat), and Mazagon, (near P. and O. Dockyard). English speaking natives are cordially invited.

The Harbour Service in connection with the Young Men's Christian Association will be held on board the Ship Esther Roy, Sunday afternoon, 24th inst., at 3 p. m., and on board the same vessel next Thursday evening at 7-30 p. m. Captains, officers and men are earnestly invited.

ST. ANDREW'S DAY.

We are glad to learn that this day, dear to all Scotchmen, is not to pass unobserved this year in Bombay. Under the auspices of the Grand Lodge of Scottish Freemasonry in India, invitations have been issued far and wide to every Brother, and the English constitution headed by the Dirtrict Grand Master have also cordially responded, for the observance of the following programme:

4-45 p.m.—Grand Lodge Meeting of all Scottish Freemasonry in India, at the Masonic Hall, Nesbit Lane, Byculla.

5-45 p.m.—Masonic procession to Byculla Church.

6-15.—Choral Festival Service with sermon and collection on behalf of the Byculla and Indo-British Schools.

The procession will halt at the West door of the Church where the Grand Masters, the Hon'ble James Gibbs, and the Hon'ble Mackintosh Balfour, will receive their Excellencies the Governor and Commander-in-Chief.

The service will be full choral, and will include the beautiful new anthem by Sullivan "Hearken unto me." The sermon will be preached by the Rev. Charles Gilder, Grand Chaplain. The public is also invited to be present, and aid the Masonic Fraternities in swelling the collection. Admission will be by ticket, according to the instructions given in the advertisement. It is to be hoped that every one attending the service will keep in mind the object the Masonic body have in view, viz., almsgiving for poor orphans, and none ought to be present unless they are prepared to give of their substance, to the utmost of their power, to the collection. We are led to make these remarks, as we never wish again to see the indecent sight of numbers of people walking out of Church when the time for the collection drew near, as was the case at the Choral Festival at the Cathedral last Thursday.

FIFTH CRIMINAL SESSIONS.

THIRD DAY, FRIDAY, NOVEMBER 22.

(Before Sir Charles Sargent.)

CHEATING.

His Lordship, on taking his seat, said he had looked through the depositions in the case of Framjee Gomersee and Narronjee Dewjee and was of opinion that it was a case in which he could not interfere.

Mr. Farran, counsel for the prosecution, said that, under the circumstances, the case must proceed.

THEFT OF ORNAMENTS.

Bhai Suddoba and Narayan Mahadoo were charged with theft of gold and silver ornaments and other goods, of the value of Rs. 2,549, the property of Bhickajee Ramajee, a clerk in the office of the Examiner of Public Works Accounts; and Dawood Bawajee and Bayel, woman, were charged with dishonestly receiving stolen property. The second prisoner pleaded guilty. Mr. Farran, instructed by the Public Prosecutor, appeared for the Crown.

Mr. Farran briefly stated the facts of the case to the jury. On the 20th September last, the prosecutor had a quantity of jewellery in a cupboard in his house in Khetwady 6th lane. The cupboard was looked, and the key of the lock was placed in a box which prosecutor forgot to look up. The outer door of the house was looked. Prosecutor's wife and family went that morning to stay for the day at his sister's house; and he, after taking his meals there, went to his office. Radhabai and Grushnabai lived in the lower part of the house; and prosecut

WATCHMAKERS AND JEWELLERS,

23, RAMPART ROW,

BEG to draw the attention of intending purchasers to their large stock of LADIES' and GENTLEMEN'S GOLD and SILVER WATCHES, comprising 132 descriptions, which being all made at their own Manufactory permits them to offer them to the public at much cheaper rates than other firms, who obtain them through Agencies.

Twelve years' experience of the climate has assisted them in making Watches most adapted and suitable for India.

From their large stock they specially recommend the following —

THEIR Rs. 50 SILVER LEVER WATCH, in either open face, half hunting, or hunting case, in sizes to suit either Ladies or Gentlemen.

THEIR Rs. 75 SILVER LEVER WATCH, in extra strong and durable case, with Gold hinges, compensation balance, and hair spring Breguet.

THEIR Rs. 110 SILVER KEYLESS WATCH, in beautifully finished case, with Gold hinges and Gold winding nut.

The above Watches can also be had in Gold cases, either open face, half hunting or hunting, at Rs. 150, 200, and 250, respectively.

THEIR Rs. 40 GERMAN SILVER RAILWAY WATCH, Patent Lever Escapement
THEIR Rs. 60 FINE SILVER RAILWAY WATCH, do. do. do.
THEIR Rs. 60 GERMAN SILVER RAILWAY WATCH, do. do. do. Extra large size.

These Watches are guaranteed good Time-keepers; strong and serviceably made to suit the roughest work, being specially adapted for Railway employés.

The excellence of all the above Watches has been universally recognised and approved of, and our sales of them increase from year to year.

F. L. & Co. also beg to draw attention to their large stock of cheap Silver Watches in open face, hunting and half-hunting cases, Patent Lever Escapement, all excellent time-keepers, guaranteed for one year, at Rs, 25, 27, 30, 35, 40, and 45.

German Silver Keyless Watches, known as Soldiers' Watches, at Rs. 18, 20, 22, and 25.

Further details can be seen in our Catalogue, sent post free on application to all parts of India.

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.

The Elms, North Cheam, Surrey, S. 4th March, [1875.

"Sir,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sores on the body. After taking two bottles, I became much better, and continued it up to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.

"You are at liberty to use this letter in any way you think proper, for the benefit of others.

"Faithfully yours,

"To Mr. F. J. Clarke." "THOMAS WATTS."

Sold in Bottles 2s. 6d. each, and in Cases, containing six times the quantity, 11s. each—sufficient to effect a permanent cure in the great majority of long standing cases, BY ALL CHEMISTS, and PATENT MEDICINE VENDORS throughout the world.

DR. J. COLLIS BROWNE'S CHLORODYNE IS THE ORIGINAL AND ONLY GENUINE.

The Public are CAUTIONED against the unfounded statement frequently made, "that the composition of CHLORODYNE is known to Chemists and the Medical Profession." The fact is, CHLORODYNE was discovered and invented by Dr. J. COLLIS BROWNE, late of Army Medical Staff, and so named by him, and it has baffled all attempts at analysis by the first Chemists of the day. The method and secret of the preparation have been purchased. It is obvious, therefore, that anything sold under the name, save Dr. J. COLLIS BROWNE'S CHLORODYNE, is a spurious imitation.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the Inventor of CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effect and wonderful cures, while medical men extol its virtues most extensively, using it in great quantities in the following diseases:—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Whooping Cough, Cramp, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians, and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec. 21, 1854.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"CHLORODYNE is almost valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865,) that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from *Medical Times*, Jan. 12, 1866.—"CHLORODYNE is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place."

CAUTION.—None genuine without the words, "Dr. J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

SOLE MANUFACTURER.—J. T. DAVENPORT, 33, GREAT RUSSELL ST., BLOOMSBURY, LONDON.

Sold in Bottles at 1s. 1½d. 2s. 9d., and 4s. 6d.

SARSAPARILLA,
Wilkinson's Essence of Fluid Extract of
REDJAMAICA SARSAPARILLA

IS THE ONLY PREPARATION RECOGNISED BY THE FACULTY AS A WONDERFUL PURIFIER OF THE HUMAN BLOOD.

It is not too much to say that those suffering from the effects of TROPICAL CLIMATES, such as TORPID LIVER, DEBILITY, ATTENUATION OF BODY, ERUPTIONS, LASSITUDE, &c., will by taking this extraordinary ESSENCE OF RED JAMAICA SARSAPARILLA, soon find relief and ultimately a cure. It is asserted by those who take a little DAILY (in accordance with the instructions given), the system becomes less liable to attacks of illness.

"We cannot speak too highly of it."—*Lancet.*

"We recommend your *Red Jamaica Sarsaparilla.*"—*Medical Review.*

"The only preparation for removing what may be called the sequelæ of a mercurial course."—*Sir R. Martin.*

The late Lord Clyde writing for a further supply of *Wilkinson's Sarsaparilla*, says, "I am never without it, for when feeling depressed or out of sorts from anxiety or fatigue, a dose or two animates me."

"Your *Essence of Red Jamaica Sarsaparilla* CURED me of a Torpid Liver after all other remedies failed."—*Earl of Aldborough.*
